

PRICE GUIDE 2020

SUN & MOON

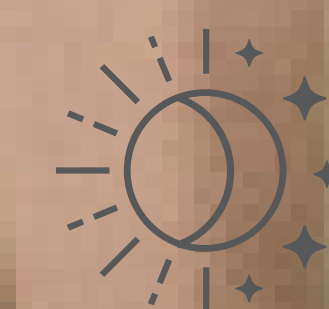

**Hello!**

**We are delighted that you've chosen us to be part of your journey.**

*Think of the rays of sunshine and the glow of the moonlight. Think of the eyes that reflect happy hearts. Think of moments filled with radiant smiles and hearty laughter. To us, they are all light. Light that turns the ordinary into magical. Light that that never fails to stir the creative souls within us. Light that we chase with gleeful hearts. Light that compels us to tell their stories. And light that we want to share with everyone we meet. Including **you**.*

*We are here to capture those lights and make them last forever.*

# Questions & Answers

## Where will we shoot?

*We will shoot at the best locations in Sydney! First, chose the session that you'd like, then I'll send some location suggestions that you can choose from. We can also discuss the location from your preference first, then decide which session suits you best. If you're looking for a casual photoshoot, then 4 hours session is your best option. It can cover 2-3 locations, depending on the distance between each places.*

*8 hours and 2 days sessions are the most recommended ones. You can get both city views and best sceneries in New South Wales such as Hunter Valley, Sand Dunes, and Mount Wilson.*

## Do you travel to Melbourne, Perth, or New Zealand?

*Yes! I do travel to beautiful places to take photos! All the travel expenses such as flight tickets and accomodation fee will be reimbursed to my client. There will be a \$100/day out of town fee.*

## What is a moodboard?

*Moodboard is a style guidance for you and your fiance. It consists of a timetable of the session, outfit suggestions, and location.*

## How do I choose my photos and how long will it take to get the edited photos?

*Don't worry about all the hustle of choosing the photos! We'll take care of it. We'll curate and choose the best photos, edit them, and send them to you online :) It will take around a month max to get all the edited photos done and sent to you :)*
